Mr. Paul Cheung
Director
UN Statistics Division

Subject: World Statistics Day

Dear Mr. Cheung,

I would like to thank you for the intentions to bring to the attention of Heads of States the national statistical capacity building and the events to observe the World Statistics Day.

I am strongly convinced that the letter sent to the President of the Republic of Belarus will serve not only to consolidate the role of official statistics in the Republic of Belarus but also to support our initiatives in celebrating the World Statistics Day.

Currently the official website of the UN Statistics Division contains the list of activities to observe the World Statistics Day in the Republic of Belarus. The Belarusian state statistical bodies will invest all efforts and resources to successfully celebrate this historical date.

Please let me also congratulate you as a Director of the UN Statistics Division on the 2010 UN21 Award for “Improvement in Client Services” awarded to the UN Statistics Division by the Secretary General on July 29, 2010.

Please accept the assurance of my highest consideration.

Chairman

Vladimir Zinovsky
