**RE: UN21 Award for "Improvements in Client Services"**

Dear Paul,

I would like to congratulate you and the professional unit you are leading on the UN21 Award for Improvements in Client Services.

Building user-friendly and effective databases and websites of National Statistical Systems are always a challenge, let alone an international statistical website.

This award is well granted.

Congratulations,

A handwritten signature in blue ink, appearing to read 'שלמה יצחקי' (Shlomo Yitzhaki).
